

MD-500EK

ELECTRIC DUMPER
with electric tipping function

PRODUCT-INFORMATION

Technical Data

MD-500EK

Motor	1000 W
Rated voltage	48 V
Battery capacity	32Ah (4 pcs each 12V = 48V)
Driving system	100% Electrical
Breaking system	Electro-magnetic break
Dump	Length 1050 mm
	Width 720 mm
	Height 400 mm
Max. payload	500 kg
Max. working time	4 h
Charging time (with fully discharged battery)	ca. 12h
Working speed (stepless)	forward 0 – 5,0 km/h
	reverse 0 – 3,0 km/h
Pneumatic tires (tubeless)	front 16 x 6.50-8
	reverse 13 x 5.00-6
Weight (net / gross)	215 / 230 kg
Packaging (L x W x H)	1360 / 800 / 880 mm

NEW:
 Larger battery capacity
 for more and longer
 performance

Art. No.: MD500EK

EAN: 40 47424 00703 7

Control panel

Electric lifting cylinder

Equipment Features:

MD-500EK - the versatile, silent and environmentally friendly electric dumper!

- As a perfect helper for all transport work, the MD-500EK provides valuable services in many industries, for a wide range of activities.
- Its electric tilt function makes unloading child's play.
- The MD-500EK transports loads up to 500 kg without any problems and this also absolutely quietly due to the pure electric drive!
- An extremely narrow design and compact dimensions bring the MD-500EK safely to the place of use even through narrow gates and paths.
- The 48V charger and the new battery set (4 x 12 V, now 32 Ah) are included in the scope of delivery!
- **Newly developed rear axle tires for easier handling on any terrain.**
- **The electric dumper can also be used indoors!**
