

BT-900

Edge and surface concrete trowel

PRODUCT-INFORMATION

Technical Data

BT-900

Engine / Drive	1-Cylinder-4-Stroke-OHV LONCIN G200F Petrol Engine
Power	kW 4,1 at 3.000 rpm
Displacement	cm ³ 196
Fuel-Tank	Liter 3,6 / ROZ 91
Engine Oil-Tank	Liter 0,6 / SAE 10W-30/40
Start System	Recoil Starter
Rotor Diameter	mm 760
Number of Blades	4
Blade Dimension (L/W)	mm 350 / 150
Blade Angle	0 – 15°
Rotation Speed	rpm 60 – 140
Sound Power Level L _{WA}	dB(A) 108
Pack..1 – Power Trowel weight net/gross	kg 63 / 71
Packaging Dimensions (L/W/H)	mm 1020 x 1020 x 350
Pack..2 – Engine weight net/gross	kg 15,5 / 17,5
Packaging Dimensions (L/W/H)	mm 395 x 335 x 400

Art. Nr.: BT900

EAN: 40 47424 00529 3

Blades
350 x 150 mm

Disc
Ø 960 mm

Equipment features:

- Standard trowel for all smoothing operations for concrete surfaces, precast concrete, industrial floors, composite and special screeds and asphalt.
- Large blades & Disc available for surface finishing.

Accessoires:

Blades 260 x 150 mm (Art. No. 5BT900F, EAN: 40 47424 00530 9)
 Disc Ø 780 mm (Art. No. 5BT900D, EAN: 40 47424 00531 6)
