

SFR-65N

*Snow blower with wheels and
61cm clearing width*

PRODUCT-INFORMATION

Technical Daten

SFR-65N

Engine	4-stroke OHV petrol engine with E-Start LONCIN H200
Displacement	196 cm ³
Engine power	4,1 at 3.600 rpm
Gasoline	Unleaded petrol
Starting system	Recoil start and 230V E-start
Driving system	Wheels (16")
Clearing width	610 mm
Infeed height	510 mm
Auger	315 mm
Ejection distance	9 – 11 m
Chute, adjustable	180°
Driving gears	6 forward / 2 revers
LED Headlights	Standard
Handle heating	Standard
Weight (net / gross)	71 / 79 kg
Packaging (L/W/H)	920 / 670 / 640 mm

Art. No.: SFR65N

EAN: 40 47424 00872 0

Equipment Features:

This powerful 4.1 kW gasoline-powered machine is ideal for clearing snow from driveways, sidewalks and other paved surfaces in residential or commercial areas. The snow blower offers two start modes to choose from, manual and electric. An LED spotlight makes work easier early in the morning or in the evening. The 180° adjustment of the discharge chute allows the snow to be thrown up to 11 meters, depending on the condition.

- Powerful gasoline engine with electric start (230 V)
- Feeding height up to 51 cm, ejection via the rotating chute up to 11 meters
- Conveying technology: 2-stage auger / throwing wheel
- Separate engagement of drive and milling system, 6 forward and 2 reverse gears
- Height adjustment via skids
- LED front headlights and switchable handle heating
- incl. snow chains
