

# HGS-580

High grass cutter / rotary mower

## PRODUCT-INFORMATION

### Technical Data

### HGS-580

Engine / Drive	4-Stroke OHV- LONCIN Gasoline engine	
Displacement	cm <sup>3</sup>	196
Torque	Nm	10,5
Engine power	kW	3,5
		at 3.600 1/min
Gasoline tank volume	l	1,0
Starting	Recoil starter	
Cutting width, max.	mm	580
Cutting height	mm	35
Blades		4
Driven by	Belt	
Wheels	Pneumatic tires with cleated tread 3.50-6	
Max. permissible Motor inclination		20 °
Sound power level L <sub>WA</sub>	dB(A)	103
Operating weight	kg	57
Transport weight (net/gross)	kg	57 / 80
Packaging dimensions (L/W/H)	mm	1310 / 800 / 810

Art. No.: HGS580

EAN: 40 47424 00824 9

### Equipment Features:

- The high grass cutter / rotary mower is for mowing high grass stands, brush or weeds.
- With a grass deflector, the grass is deposited on the side of the swath, leaving a nice, clean cut.
- Equipped with an adjustable steering bar for ergonomic work
- 4 movable blades.
- With the powerful engine and a field stud tires mowing is very easy even in challenging terrain..
