#### Equipment Features:

- The RAMBO-HC15L effortlessly shreds branches up to a thickness of Ø 10 mm as well as leaves and green cuttings.
- Convenient operation due to large feed hopper.
- Integrated chassis for fast, easy moving.
- The professional combination shredder with four blades (2pcs big & 2pcs small) and two counter blades processes even unruly material.
- 18 movable blades on the disc wheel shred the already chopped clippings as well as leaves and green cuttings again to obtain an even finer ejection.
- The 6 blades mounted on the back of the disc wheel eject the shredded material through the 120° rotatable ejection chute.
- Adjustable ejection chute and ejection flap.
- Feed hopper can be folded to the side for cleaning the blade plate.
